City Manager Government

Under the city manager form of government, the members of the Board of Commissioners are elected on a non-partisan ballot. This legislative body employs a city manager who is the administrative head of the city, and as such is directly responsible to the Board of Commissioners for the proper administration of municipal affairs.

The Board of Commissioners is in the same relative position to city operation as is a Board of Directors in the operation of a private corporation and the city manager in a similar position to that of the manager of a private company. Therefore, this form of government provides the best known vehicle whereby the affairs of a city may be administered in a business-like, economic manner.
R. E. CULBERTSON

Mr. Culbertson is a widely known Covington Contractor.

He is connected with one of the oldest families in Kenton County.

He is qualified in every respect to serve the citizens of Covington as a City Commissioner. He is for Lower Taxes, A Municipal Electric Plant, A Lower Gas Rate, The Interest of the Citizens and Taxpayers, First and Last.
