Dr. Cook to Address Dixie Hi Graduates

True-Noll Get Prom Honors

Miss Ruth True and her escort, Edward Michael Noll, were honored as king and queen at the first annual Junior-Junior Prom Friday, May 13, 1938. Although Friday 13 is looked upon as an unlucky day, it turned out to be a lucky day for everyone attending the Junior Prom. The gala affair was held in the blue and gold decorated gymnasium, which has taken on a very festive air for the occasion.

An eight-piece orchestra under the direction of Bill McConnell furnished the music. The pupils of the Helle Tranter studio presented an excellent floor show. The coronation ceremony, under the supervision of Lewis Lee Phillips, president of the Senior Class, was the high point of the evening.

Dixie Elected To S. A. C. S. S.

At the annual meeting of the Southern Association of Colleges and Secondary Schools held in Dallas, March 29 till April 1, Dixie was elected to membership in the association. In order to be admitted, schools must maintain a certain standard.

The chief purposes of the convention were: to closely coordinate and to bridge the gap between senior high schools and colleges, also to determine the standards of high schools and colleges in curriculum requirements. This insures all graduates, of Dixie's academic course, entrance to any college without examination.

Some of the speakers at the convention were: Thomas H. Briggs, Columbia University; Dean Hawk, Dean at Columbia; and George F. Zook, President of the American Council on Secondary Education.

Pepper Award Honor Letters

Twenty-two Dixie students were awarded letters for outstanding performance and student leadership at the first annual Pep Club dance held in the Dixie Heights recreation room Wednesday night, May 18.

Coach Boyd Mahan issued awards for basketball and swimming performance; Debate Coach G. R. Reichler handed out the forensic letters; and Miss Georgia Rouse, Pep Club leader, awarded the letters to Dixie's cheerleaders. Swimming awards went to Jimmie Lee, Louie Phillips, Ralph Duffie, Elmer Smith and George Wilson. Basketball letters were given to Robert Finnell, Paul Theel, Ed Noll, Art White, Ed Moesly, James Caywood, Louie Phillips, Hobart Smith, and Ralph Hensley, manager.

These debaters receiving awards were David Brennan, Mildred Manning, Virginia Hilch, and Dorothy Bradley. Cheerleader awards were given to Amelia Fielder, Anna B. Kidd, Mildred Manning, and Madge Jones.

Rev. Goodrich has chosen for his subject the title "My Eternal Life Degree".

A very novel idea, a partial departure from the customary stereotyped program, has been selected by the class of '38 as a nucleus for Class Night Tuesday evening, May 31, 8 o'clock in the auditorium. "Television Tomorrow" will be one of the features of the night's program.

Dr. William A. Cook, of the University of Cincinnati and the Dayton High School, will deliver the commencement address to the graduating class on the final night of the commencement activities Thursday, June 2, in the auditorium promptly at 8 o'clock.

DISTINCTION

The Dodger staff is proud of the recent recognition given Dixie Heights as one of the leading high schools of the country. Also, we could not but be thrilled by the acceptance of Dixie as a member of the Southern Association of Colleges and Secondary Schools during our first year of existence.

Our only hope is that we can but live up to the standards set for and expected of an institution receiving such recognitions. It is but a feeble effort for us to attempt to thank those who have dreamed, planned, built, nurtured and administered our school into the spotlight of such prominence.

"Ray! It's Off.

Well, it's off to the printer at last! What? Why the annual of course! Mrs. Sebastian announced last Monday that all material had been sent off and "The Dixian" will make its appearance about the first of June. Most of us have heard all the plans and they sounded so grand that we can hardly wait until then to see it.

The first edition of the school annual will certainly be something to live up to! Congratulations to the staff and let's hope that all the annuals to come will be as nice as the one of 1938.

LOOKING UP

"Things are looking up!" Yes sub—that not only applies to the recent song but to the school grounds of Dixie! Haven't you noticed the improvements made in the last few weeks? After looking at clay and mud for so long, it certainly is a joy to see smooth, leveled off grounds with a good start of grass already. Now you can close your eyes and just imagine how nice Dixie will look next fall with a nice lawn, a completed football field, and the other projects finished. Passers-by will not only be heard to say "What a nice school!" but also "What lovely grounds!" We won't be extra proud to say "I go there" Yes sir, things certainly are looking up.

DIXIE-UC. DEBATE

Dixie's debaters, David Brennan and Virginia Hitch, tied up with the University of Cincinnati freshmen debaters in an invitational non-decision match to close the 1938 debating season. Coach Reicher's refuters had just previously met the Walnut Hills, Cincinnati, team in a non-decision match.

Our Advertisers

Editorial — The Dixie Dodger nears the end of its first year's existence, its infancy in high school journalism. May we pause before rushing into a whirlwind of commencement activities to say a word for our advertisers, those who have made possible the publication of our paper. May we thank those business men and women whose advertisements have appeared in the Dodger throughout the past year.

Those business men handled a brand of merchandise or rendered a type of service to merit their ads appearing in our paper. May we take this opportunity to thank them for their whole-hearted support and our parting wish for this year is that they may each have been rewarded manifold for their loyalty.

Congratulations

We see Jake Lawrence is still sticking it out with the Park Hills crowd. They all go for Jake. It seems they take turns riding next to him in his car. I guess it’s your turn, Dorsch, isn’t it? It sure holds true in this case.

We certainly didn’t think it was in Tish Harris to get out of short hand, but I guess you can’t tell a book by its cover, ha, that’s an old saying of mine, cute isn’t it? It sure holds true in this case.

We wonder how many of the present Senior Class will graduate in June? I’ll be willing to bet that the graduation will not be one hundred percent.

Heaven forbid though, the junior class will have a hard enough time without a bunch of out-of-date last years seniors holding them back.

Have you noticed the latest signs of spring? Well, let me point out a few for you: how about the gym classes out in the front yard? Mr. Roberts taking his Biology class over in the woods to pick posies; our cute little track team running all over the place in their shorts, and many others too numerous to mention.

We hear Lillian Taylor is taking a little private instructions from her recent heart bout.

Dress Designing Test

Several members of Dixie’s Home E.C. classes entered the dress designing contest for students of Northern Kentucky and Cincinnati schools.

The contest which closed May 14, was open to all students of the upper three grades and was sponsored by the Kline’s Dress Shoppe. The winners of the contest will not be announced until some time next week.

Freshman from U. C., Betty Walkertor has taken the fickle Jimmy Lee’s eye. Well, I can say that I blame him much, she’s a cute kid; oh my, but these freshies get around, don’t they?

We wonder if Dotty Miller is getting tired of Finnel or if she just wants to make certain? At any rate she was seen with an old flame, Cliff Snyder, the other night.

What is this we hear about Mildred Manning letting Ruth Duchole read one of the True-Nil notes, that sure is bad business, but of course I guess Manning is not half as worried as Ed was. Bill Macklin takes good care of his little Beechwood "Tootsie".

I’ll bet there were plenty of people with colds after the Sophomore moonlita; it was pretty wet on the top deck, wasn’t it Mr. Roberts?

It is said that Ida Belle and her boy friend were parked at the White Horse Tavern, they say she only paused to see who was coming. Is that right Ida, come on and answer.

We wonder why Miss Rouse wouldn’t let little boys and girls go outside at eleven o’clock when she knew they had to be home early.

We wonder why Moeza didn’t bring a girl. What’s the matter.

Mother - Daughter Banquet Success

The Senior Girl Reserve held a Mother-Daughter banquet Tuesday, May 10, at 7 o’clock.

The program was as follows:

Invocation Mr. Spahr

Response Mrs. Hitch
Group Songs
Special Music - Under direction of Mrs. Faber.

"Mother’s Day"

Mr. R. H. Carter
Special Music
Presentation of Bible Study Certificates.

Blaine?

Why didn’t Margie Rogers dance the other night? We think Ben knows how, doesn’t he? Maybe Margie doesn’t know, and maybe they don’t dance at parties she goes to, HHU?

The only thing I can’t understand is that where do the young folks go after 12 and don’t get home until 4 or after, or do they get home at 4?

We wonder why Roy Steinfurt’s mother made him get up at seven o’clock in the morning to scrub the floors?

Where is all of this “beauty and the beast” stuff Jack Shepard has been taking about? Why wasn’t she with him, or could he get her?

What was so interesting to Velma Thompson while practicing the music festival? Could it have been Frank Averbeck?

Frank Day has a new girl friend this month, Louise Smart. Frank Day has broken the record of having some one new every month. Quite a modern Romeo.

Jack Shepard is trying to rob the cradle but Billy Smith prevented that as far as Marella Loeffler is concerned.

Typing News

Dixie was represented by a first-year typing student, Virginia Goodenough, in the recent scholarship contest. Virginia has been running the highest score of all.

Latin Touch Up Caesar's Exploits

Paralleling their work in translating Caesar's Gallic Wars, the second year Latin class of Miss Rouse are working on a project. The members of the class are turning back the pages of time and are portraying different Roman citizens in this era of Caesar's power. Betty Jane Lee is acting as a war correspondent on these ancient wars, and it is her duty to send daily messages to the newspaper in Rome.

Doris Bradley and Connie Gillespie are soldiers and are keeping a diary on the various events of the war. Rosemary Noll and Patricia VanDuyun are working jointly on a large map, on which the journeys of Caesar will be traced. Upon completion, these projects will be put on display.

Dixie Golfers Slide Back

Dixie Heights' wielders of the niblick slid back another notch in their standing when they bowed to the powerful Newport golfers 6½ to 5½.

The Dixie lads, led by Jack Ficke with 83 and Bob Riegler with an 89, started the season by swamping the Erlanger boys 12 to 6. Art White shot a 93 and Elmer Smith a 96 in this initial tilt.

In their second match of the season, the Dixie boys bowed to the Covington team 6½ to 5½, and later were nosed out by the Newport boys by the same score.

Golf Coach Spahr has been busy this week putting the boys in shape for the coming Little-Six Golf eliminations.

Overcome Handicaps

Dr. J. S. Kirtly, who talked on overcoming handicaps, was the feature of the assembly program of April 27. Dr. Kirtly is a Doctor of Divinity and a minister of the Baptist Church. He is a graduate of Georgetown College and was conferred by the same. He has traveled all over the country talking on overcoming handicaps.

In his talk he mentioned that everyone should have some handicap if they expect to succeed. Also that if one has no love for music he is a discord in the group. Being short of time, Dr. Kirtly was only able to mention two of the three examples he uses to explain his talk. The first was Stradivarius, a violin maker of the 1600's, and the second Madame Curie, the discoverer of radium. His talk was enjoyed by all.
