The regular meeting of the Volunteer Fire Dept. was held at the Fire House May 28th with president, Al Lombardo, presiding.

The Building Committee reported their findings on the laying of the tile pipe on the east side of the building and the pointing up of the wall on the west side of the building. A discussion was held regarding details for completion of the building as to closing one of the large doors and building a partition inside the building. This was tabled until a later date.

The president reported on his assignment to contact Brent Spence regarding procurement of a larger siren.

It was reported that the last paper drive (May) netted $23.00.

Various reports on Carnival plans were given as to the bar, prices to be charged for beer and softdrinks, Friday night fish fry, etc.

It was announced that the Ladies' Auxiliary plan to sponsor home baked goods, fancywork and novelty toy booths.

A report on the activities of the Junior Firemen was given by Lou A. Bartlett who is actively interested in this group.

FIRE NOTES

Even during the time you are reading this, a number of fires will break out somewhere. For the record shows that fire occurs every 20 seconds. Every day in the year 28 Americans die by fire, 60 more are disfigured or injured. Every day in the year 700 homes, 139 stores, 30 factories, 7 churches, 6 schools, 4 theaters and 3 hospitals fall victim to fire. The daily loss is about 2 million dollars' worth of property destroyed by fire. Isn't that a record to be ashamed of? To make it worse, most of this loss in lives and property could be - and should be - avoided by the
exercise of simple precautions. For fire never starts of its own accord. There is always a reason—usually the reason is the result of someone’s carelessness. Fire is no respector of persons. It kills and maims innocent little children as well as adults, and it punishes the innocent as well as the guilty. NEVER RELAX YOUR GUARD AGAINST IT.

FATHER’S DAY — JUNE 17TH

I'VE GOT A DAD

I've got a Dad. The other guys have only things that money buys, and lots of things the others haven't (I should say ain't). And some have bikes and radios, and hear the bands and great solos, and know the things that fellers knows, but I've got a Dad.

I've got a Dad—a jolly chum. Say, fellers, that is going some; and listen to me, gee, that's what some kids ain't got. Sometimes there is a guy you know that lives around the house and so they call him Pop—but gosh, he's slow, but I've got a Dad.

I've got a Dad—he married Maw, but that ain't why I call him Pa, for he's a regular Scout I got (like some ain't got). There's kids that if they had a chum would keep from going on the bum; believe me, I am tickled some 'cause I've got a Dad.

I've got a Dad—oh gee, he's swell; we're just old pals—I'm here to tell a Dad's a thing that can't be bought (or hadn't ought); and when I say my prayers at night, and things are dark and out of sight, I tell the Lord He used me white to give me a Dad.

-Allan Stockdale

JUNIOR FIREMEN

This, the youngest of our organizations is well on the way toward proving an asset to the V.F.D. as well as the community.

To date, three meetings have been held and officers have been elected for the remainder of the year with regular election of officers to be held in November. Present officers are:

Ben Becker — President
Andy Noll, Jr. — Vice-President
Robert Weghorn — Secretary
Harry Kolde, Jr. — Treasurer

The Juniors will take over the Paper Drive in August.

We hear tell they are also planning to be very active in the V.F.D. Carnival this year.

---
AUXILIARY MEETING

Members of the V.F.D. Auxiliary combined business with pleasure when they met at the Fire House on June 5th to hold their regular meeting and participate in a party honoring "incoming" and "outgoing" officers.

Vi Vogel, retiring president, presided until the order of new business at which time the meeting was turned over to Mrs. Andy Noll, newly elected president, and fellow officers; Mrs. Adolph Lombardo, Vice President; Mrs. John Mortell, Treasurer; Mrs. Chas. Pridemore, Secretary; Mrs. Jerome Kendall, Financial Secretary and Mrs. Don Purcell, Historian. The new officers were installed by Mayor H. Lewis Williams.

Mrs. Tom Fay was welcomed as a new member.

Following appointment of standing committees for the year 1951-52, the usual order of business was kept to a minimum to enable members to enjoy a longer social period.

The party held after the business meeting was the nicest affair yet to be given for members. The committee; Mrs. Varonna Caudle, Chairman; Mrs. John Schiller, Mrs. Andy Noll, Mrs. Cletus Orch, Mrs. Dale Evanshine and Mrs. Jos. Strub, did a splendid job of planning an affair long to be remembered.

Next meeting - June 18th - Fire House.

CITY COUNCIL MEETING

The regular monthly Council meeting was held at the Hoffman residence Monday evening, June 14th, with Mayor H. L. Williams presiding.

The contractor who damaged the sidewalk on W. Crescent appeared before Council. He stated that the owner of the property assumed responsibility for damage and would repair the walk. The matter will be checked further. Marshall Bartlett was asked to check to see that a warning was placed where the walk is broken; also to see if the building material stacked next to the sidewalk is in safe condition.

Mr. Hay, contractor, who is building houses at the Eastern boundary of Woodlawn on Waterworks Road, requested permission to temporarily tap the sewer from the first house into the Woodlawn sewer until such time as the Newport sewer is completed. Permission was granted to use the Woodlawn sewer for 90 days upon posting a cash bond with the City Treasurer. City Attorney, Morris Weintraub, will prepare the necessary agreements.

The matter of parking on one side only on all Woodlawn streets was discussed. The question was resultant to a recent serious accident in the City as a result of parking on both sides of Burnet Ave. The matter was carried over to the next meeting to give Council a chance to study the situation and to give the citizens a chance to voice their opinion.

The following bills were approved:

</table>

Sunday, June 10th, Council will meet to check, on the ground, various City problems as follows:

1. Drainage South side of Waterworks Road at Eastern City Boundary.
3. Repairs to all City streets.
4. Repairs to sidewalks.
5. Inspect sewer system.
6. Study street parking.

License for operation of Woodlawn Inn was extended for a period of one year.

Question of water pressure in the City was discussed. A study will be made to determine if water mains, or the lines from the street and house lines are at fault.
