NOTICE

When will work be resumed on the Fire House?

It was felt by the Building Committee that the Citizens were entitled to and highly deserved a rest after the hard work put in in preparing for and in operating the Carnival.

It is expected that work will be resumed shortly and the outside of the building will begin to take on a new appearance.

THANKS

The Chairman of the Carnival and other members of the Carnival Committee have asked the Siren Staff to express their appreciation to all members of the Fire Department, and the Ladies Auxiliary and all who helped, for their contribution of time and effort in making the Carnival a financial success.

These affairs require a tremendous amount of patience, hard work, and good fellowship to get them across. The fact that none of those were lacking attests to the results that were obtained. A complete report cannot be made as yet due to the fact that all of the bills are not in, but a detailed report will be given shortly at the Volunteer Fire Dept. meeting and at the Ladies Auxiliary meeting. Again, thanks to all who contributed to this success.
