and refreshing. Every letter was a welcome proof. This shows that both Synanon and the new Dr. M. Fairfield, though different people, are both always working with the same intentions to end human suffering and "fish" people out of the "dark sea" of mental illness, to help them find a new life, and to increase and maximize their potentialities. I followed her new course and attempts to help people find a new life, and I was very happy to hear that she had found a new life for herself and her family. I was very happy to hear that she had found a new life for herself and her family. I was very happy to hear that she had found a new life for herself and her family.
