for the Pendleton Circuit Court, pursuant to an interlocutory decree entered up in said court on the 6th day of June, 1942, in the case of McColl's Admin. against McColl's heirs and assigns, on the fourth Monday in the present term of said court, being the 25th day, and continue from day to day until completed, at the former residence of the deceased, on the ridge 2 miles North-East from Fairmount, in Pendleton county, Ky., present and settle the accounts of said estate and make such proofs of all claims offered.

W. S. C. NAYLOR, Clerk in Ch.

LICKING VALLEY REGISTER.

EDWARD C. LAMSON, Editor.

COVINGTON, KY.

SATURDAY, JULY 26, 1943.

To the readers of the Register.

The Licking Valley Register will be sent to all subscribers on or before the 1st of August. It is not to be sent to those who have not paid for their subscription. It is not to be sent to those who have not paid for their subscription. It is not to be sent to those who have not paid for their subscription.

We would call particular attention to the fact that the terms of the Register are now reduced to two dollars a year. Subscribers paying for the year in advance will receive the Register for the year 1943-44 for the sum of two dollars. This is a reduction of one dollar from the former rate.

The Second Volume.

Upon commencing a new volume we have but a few brief remarks to offer. It is quite true that we have been established for over two hundred years. We have been established for over two hundred years. We have been established for over two hundred years.

But to revert to our own case, without money or the aid of influential friends, and against the opposition of many who had witnessed the failure of all former attempts at the kind of paper we had in mind, we were able to give to the people of this fertile region of Kentucky a new paper, intended to promote their best interests.

Now, J. M. Bots, of Y. W. We last week passed some severe criticisms on the character of Mr. Bots. A respectable Virginia gentleman of this city, who had been in the city for some time, stated to be. Two or three gentlemen of high standing, also from Virginia, and lastly, a young man, Mr. B., speak of him in high terms of recommendation.

Definitely. For the benefit of such of our readers as desire new ways, or the old ones done up in good style, we recommend to their notice Dr. J. M. Bots, of Cincinnati. We speak from many years observation and self-experience.

The Legislature of Ohio convened on the 25th inst. After being organized, a large number of bills were introduced. A joint select committee of seven members of the House, and seven members of the Senate, was appointed to investigate the condition of the State.

The Newspaper.

The importance of the newspaper press is not properly estimated by the community at large, in relation to the influence it exercises on society in the various pursuits of life. Some, who have not reflected upon the matter as deeply as they should do, deem their money but little better than their own, and they are not at all disposed to contribute to the support of the press.

On Sunday the 25th ult. a severe hail storm visited the vicinity of Buffalo, N. Y. which was very destructive to grain, garden vegetables, window glass, and even killed and maimed. The same day a similar storm was experienced in Wayne and Cayuga counties, Ohio, which was still more destructive. Many fields of wheat were entirely destroyed.

On Friday the 1st ult. an unprecedented flood of Philadelphia. Twenty three buildings were struck by lightning in the city and several others were damaged. The quantity of water which fell in a little more than two hours was five and a quarter inches on a level. Rivers ran through the streets, filling canals, tearing up the pavements, and doing all sorts of injury.

A young lady was killed at Tiffin, Ohio, by lightning on the 25th ult. The two men were struck near the same place. The Richmond Compiler of yesterday states that great damage was done by the recent freshet, to the James River and Kanawha Canal. The destruction of growing crops and wheat on the James River has been immense. It is calculated that 300,000 bushels of wheat have been swept by the flood between Lynchburg and Richmond.

Lightning.

Mr. Deaghty, near the Catholic Church, was struck by lightning. Some of the domestic work was knocked down and considerably injured. On Tuesday previous, two persons were struck and killed by lightning. One of the victims was a young man, who was struck while he was working in a field.

On Sunday the 25th ult. a severe hail storm visited the vicinity of Buffalo, N. Y. which was very destructive to grain, garden vegetables, window glass, and even killed and maimed. The same day a similar storm was experienced in Wayne and Cayuga counties, Ohio, which was still more destructive. Many fields of wheat were entirely destroyed.

To the Editors of the Licking Valley Register.

What is the prospect before us? With a decided majority, we are split up and defeated. I have been told that an effort was recently made to unite upon one man, and that our three Democratic candidates selected an equal number of friends, and agreed to be governed by their decision; but before the question could be decided, the honorable and learned Mr. Hathaway backed out, and declared he would not abide the decision of twelve select men, for he had been nominated by a Committee of 100, and would live or die on the track. His friends at the "upper end" also clung to the same position, and would make no compromise.
